GOOD ENOUGH.

Gloucester Fresh Fish Co. Will Continue Business.

Plans For the Coming Season Soon to be Perfected.

As was exclusively stated in the TIMES some days ago, the directors of the Gloucester Fresh Fish Company have been getting a hustle on, and the committee were out with an agreement for the vessel owners to sign.

Evidently they must have received considerable encouragement, for President Thomas J. Carroll of the company told a TIMES representative that the directors had decided to continue the business. They were now waiting for the settlement of one or two matters, and as soon as this was accomplished, the plan of action of the company for the coming season would be perfected and made public.

ALL SOLD NOW.

Offers Made for Fletched Halibut Fares to Arrive.

The fletched halibut fares at this port have now all been sold. Wm. H. Wonson & Son started the ball rolling on Tuesday noon, and as stated in the TIMES bought the fare of sch. Maguire, a Boston vessel, will be taken by her owner, George W. Parker.

It is pretty well known that the bulk of the fletched halibut catch has arrived. There are now five vessels to come, schs. Josie M. Calderwood, Atalanta, Commonwealth, Carrie W. Babson and Dora A. Lawson, and up so last report, none of these had 100,000 pounds on board.

It is understood that the Wonson concern has offered 5 1-2 cents per pound for trips to arrive.

A goodly quantity of small tinker mackerel which are caught in nets were secured in the harbor Wednesday. The lots were sold to the Gloucester Fresh Fish Co., and Wm. E. Dennett. ANXIETY RELIEVED.

J. W. Munn's Vessels Are All Safe at Galveston.

H. L. Follansbee & Co., this morning received the following telegram from J. W. Munn of Galveston:

"Schooners all safe. Libbie Shearn arrived Wednesday."

This relieves all anxiety as to the safety of the Gloucester men in Mr. Munn's crafts, which it was feared had gone down in the recent hurricane there, also relieving the minds of Follansbee & Co., who had placed $70,000 insurance on Mr. Munn's vessels.

FISHING PLACES WRECKED.

St. John's, Sept. 14.—The Texas hurricane has swept the coast, wrecking many fishing places. Numerous schooners have been driven ashore near St. John's, and the telegraph wires in remote localities are down. It is not known how much damage has been done at distant points, but it is believed the storm must have worked havoc with the fishing vessels on the Grand Banks, as the wind has blown from every quarter of the compass within the last 24 hours.
