n the 8th at 4.30 p.. The depression is probably moving slowly towards WNW.- On the 9th at 11.15 a.. The ion appears to have but little motion at present but it is increasing in intensity. The barometer continues to fall S and SE coasts of China. Strong NE winds, squally, with fair weather probable here. At 5.10 p.. Black South hoisted. On the 10th at 7.45 a.. Gale from NE to E expected in Hongkong. Gun fired one round. At 10 57 a.. en S of Hongkong apparently moving towards NW. The barometer is almost steady and there is no present indica- f more wind than a strong gale here.

F. G. FIGG.

On the 24th at 6.10 p.. Red South Cone hoisted. At 10.20 p.. Two lanterns hoisted vertically. At 11.10 p.. Gun fired one round. Typhoon SSE of Hongkong appears to have altered its course and to be now moving in a northwesterly direction. Strong Northeast to Southeast gale expected in Hongkong. On the 25th Black South Cone hoisted before daylight. At 6 a.. The barometer is falling rapidly and it is probable that the centre of the typhoon will enter the coast at no great distance to the west of the colony. Typhoon force of wind will probably be experienced from E to SE. Gun fired two rounds. At 11.50 a. Black Ball hoisted.
