Sch. Admiral Dewey cleared from Halifax yesterday.

Fishing Facts and Fancies.

Reports from Newfoundland state the fishery prospects are excellent and better than the average.

Big Stock and Share.

Sch. Norman Fisher, Capt. John Williams, weighed off 80,000 pounds of salt cod as the result of her recent Rips trip, stocking $2200. The high line share was $104 and the average share $85. This is the largest Rips fare ever landed and the stock and share one of the largest ever made in this branch of the fishery. With prices of last year, Capt. Williams would have broken the record for stock and share on a Rips trip.

Capt. Williams is a novice at Rips fishing but his phenomenal start puts him at a bound, among the leaders of the fleet.

SEIZED AT CANSO, N. S.

Sch. Howard Holbrook of This Port Held Yesterday.

A FINE OF $400 IMPOSED.

Owners Here Have Paid It Under Protest.

Customs officers seized sch. Howard Holbrook of this port at Canso, N. S., yesterday morning, on a charge of landing a cask of oil at Clarke's Harbor, and seven pairs of rubber boots and a box of tobacco at Wraytou's Harbor without declaring to the customs or paying duty. The vessel will be released on payment of a penalty of $400.

A dispatch to Oakes & Foster, owners of the vessel, from the skipper, Capt. J. L. Allen, confirms the news of the vessel's seizure. The firm has paid the fine under protest.

The Howard Holbrook is engaged in the dory handline fishery and this is the third time she has been siezed, once at Newfoundland on charge of violating the bait act and once before at Canso, N. S., for alleged violating the customs act.

GOOD MACKEREL HAUL.

Sch. Mary E. Harty Makes One Off Race Point.

Has 250 Barrels Fresh at Boston Today.

Sch. Mary E. Harty, Capt. Charles H. Harty, arrived at Boston this morning with 250 barrels of fresh mackerel, taken off Race Point yesterday afternoon. A fleet of 30 sail were there, but as far as learned no other hauls were made.

Mackerel were reported plentiful at Liverpool on Thursday; fair at Alberton, P. E. I., and Magdalen Islands; traps average 1000 at Lunenburg.

Early in June mackerel were apparently abundant on the north side of Prince Edward Island, and those who had nets took them freely. For some weeks very few have been taken. At no time have they made their appearance in shoals. Hook fishing belongs to the past as a business. It has been abandoned. Those who occasionally try the old method of catching them find it a failure. They refuse to be taken with the hook.

The past week has not been very prosperous at the Magdalen Islands on account of the high winds which prevailed for several days. The mackerel appear to be plentiful. No mackerel catchers reported (American) yet to be around. Average catch of mackerel per boat, 300; total landed for week (estimated) 100 barrels.

The Tignish, P. E. I., boats have found some mackerel in small quantities, securing for the past week two or three barrels. A few boats only at work, as there is nothing to encourage men to go fishing. No vessels mackerel fishing.

WENT BY THE BOARD.

Sch. Sylph Meets with Mishap Off Race Point.

Looking like nearly a complete wreck aloft the fishing schooner Sylph arrived at T wharf yesterday afternoon in tow of fishing steamer S. F. Willard. The schooner had a fare of 25,000 pounds of cod and 2000 haddock.

Captain Hipson says the vessel was on the way homeward from "rip" fishing off Nantucket, and when off Race Point at 10.30 o'clock Monday night, with the wind blowing a moderate breeze from the westward, the foremasthead snapped off without warning, carrying the maintopmast with it, and luckily held aloft, as there would have probably been some serious results to the crew had it fallen to the deck. Those on board are inclined to the belief that the foremasthead was in a decayed condition.
