HEARING ON FISH PIER BILL TO TAKE PLACE TOMORROW

Large Local Delegation Expected To Appear in Favor of Important Gloucester Project at State House Tomorrow

House Bill No. 352, "Report of the special commission established to investigate the advisability of constructing a state fish pier at Gloucester" comes up for hearing tomorrow before the committee on harbors and public lands and a large delegation of local interests is expected to appear in favor of the measure.

The hearing will be held at 10 o'clock in room 436, State House. Most of those attending the hearing will leave for Boston on the 8.22 morning train, while others will go over the road by auto if the travelling is good.

Permanent Committee.

At a meeting of fishing and business interests held recently at the Hotel Savoy, definite steps were taken toward the appointment of a permanent "Gloucester Fish Pier Committee." The following were elected to serve as directors: Captains John A. Dahlmer, Edward A. Proctor, Charles Nelson, Manuel P. Domingoes, Gerry Shoares and Carlton W. Wonson, Henry F. Brown, John F. Perkins, Charles T. Heberle, William J. MacInnis, Thomas J. Carroll, Frank R. Loeffler, Everett Jodrey, J. Norman Abott, Sumner Y. McKenney, William E. Kerr, Arthur J. Grimes, A. Harold Brown and Jesse R. Kenyon.

Form Corporation.

It was voted to incorporate and to apply for a charter which has since been done. Officers elected to serve on the corporation board are:

President—John A. Dahlmer.
Treasurer—Frank R. Loeffler.
Clerk—J. Norman Abbott.

Directors—The foregoing officers and Captain Edward A. Proctor, Captain Charles Nelson, Captain Manuel P. Domingoes, Captain Gerry Shoares, Captain Charles T. Heberle and A. Harold Brown. Incorporation forms with provisions for capitalization, distribution of stock, etc., have been drawn up by MacInnis & Wonson, and were signed by the incorporators at a duly called meeting held at the Chamber of Commerce this morning.

Representative Harold B. Webber is chairman of the committee on harbors and public lands, before whom the hearing will be held. It is expected that Senator Cornelius F. Haley, chairman of the special commission that has made such a thorough investigation of the project, will lead off the hearing, and will explain the project in full. He will probably be followed by other members of the commission, and then Carlton W. Wonson will conduct the hearing from that point.

Big Project.

This is one of the largest ventures that has come before Gloucester in many years, and it is expected that a very large representation will be on hand to push forward the cause. The committee wants everyone interested in the project who can attend tomorrow's hearing, to do so.

ONE TRAWLER AND GILL NETTERS

BROUGHT ONLY SUPPLY OF FISH LANDED SINCE LAST FRIDAY.

One lone trawler, the LaPaloma with 1500 pounds of fresh fish, has been the only craft to land fish here since Friday, having brought in 1500 pounds of fresh fish to the Progressive Fish Company this morning. Several of the gill netters lifted their gear yesterday for the first time in three days, but only hauled 22,000 pounds of fish.
