The flood condition in tne west has been an adverse factor in the fish business during the past 10 days, especially in the shipment of fillets to the section affected. There has been a good local demand as is usual the week preceding the opening of the Lenten season.

Up to within the last few days the weather conditions have been quite favorable to fishing operations and the boats have landed some good catches of cod and haddock. In the corresponding week last year, the weather was bad, cold and with lots of ice, and shore fishing was difficult.

SURF HAS 307,000 POUNDS TODAY—DAWN IN WITH FIRST HALIBUT.

Over 2,000,000 pounds of fresh fish were offered dealers on the Boston fish pier this morning when a fleet of 38 vessels answered the opening bell. The first halibut of the season was available, sch. Dawn, Capt. Archie McLeod, bringing in 43,000 pounds.

Other receipts were 1,507,000 pounds of groundfish and 468,000 pounds of mixed fish. Of the groundfish receipts, haddock was the leader with a 1,194,000 pounds with the bulk of it from four steamers, Surf, Saturn, Holy Cross and Maine. The Surf hailed for 307,000 pounds of this variety, believed to be a record trip of haddock. However, whether it eclipses the all-time beam trawl fare of the steamer Seal, Capt. Carl Olson, landed in July, 1918, could not be learned this morning. The Seal weighed out 475,800 pounds of fresh fish from a single trip on that occasion but the varieties were not available.

The market opened up with low prices, $2.25 to $3 for haddock; $3 for large and market cod. The Dawn had sold 30,000 pounds of halibut for 22, 15 and 13 cents per pound.
