Form Map G—1891.

Chart I. Tracks of areas of Low Pressure. July, 1892.

The Roman letters show number and order of areas of low pressure. The figures above the lines show the days of the month, those below (1 and 2) indicate, respectively, the 8 a. m. and 8 p. m., 75th meridian time, observations. The heavy portion of tracks indicates where the greatest storm energy was displayed.

The dotted shading indicates fog belts.

The ruled shading indicates the position in which field-ice or icebergs were observed.
