

SUBJECT INDEX TO VOLUME XXI.

	Page.		Page.
Abbe, Cleveland, Notes by the Editor—			
Nomenclature adopted in this Review	225	Climatological data, Canadian stations	28, 57, 87, 120, 149, 176, 202, 238, 265, 305, 340, 374, 388
Meteorological phenomena for August, 1893	225	Climatological data, Voluntary observers	22, 51, 81, 113, 142, 170, 196, 232, 259, 299, 333, 368, 380
Northers of Vera Cruz	226	Cline, I. M., High water at Galveston	297
Northers of Tampico and Vera Cruz	363	Cloudiness, average (<i>see</i> Climatological table, Weather Bureau sta- tions, monthly).	
Currents of Lake Ontario	259	Cloudless days (<i>see</i> Climatological table, Weather Bureau stations, monthly).	
Auroras and thunderstorms	291	Cloudy days (<i>see</i> Climatological table, Weather Bureau stations, monthly).	
Cold weather storms of India and America	295	Clouds, observations on the highest	364
High water caused by gales	297	Cold waves (<i>see</i> High areas, under Atmospheric Pressure).	
Tree growth and rainfall	331	Congress, proceedings of the meteorological, at Chicago	227
Earthquake of November 27, 1893	332	Currents in the Great Lakes	258-259
Thermal or frostless belts in verdant zones	365	Cumberland Sound, observations at (William Duval)	298
Prevailing and resultant winds, comparison of	365	Dry seasons (<i>see</i> under Precipitation).	
Observations on the highest clouds	364	Duval, William, summary of observations at Signowya, Cumberland Sound	298
Accumulated departures	378	Earthquake of November 27, 1893 (C. Abbe)	332
Alabama (<i>see</i> State Weather Services).		Earth currents (<i>see</i> under Atmospheric Electricity).	
Albany, closing and opening of navigation in Hudson River at.... ch. ix, Jan.		Editors, board of	1, 31, 61, 91
Alexander, E. P., high water at Winyah Bay	297	Editors :	
Annual summary for 1893	380	E. B. Garriott (<i>see</i> the covers of the REVIEW for May, June, and July).	
Annual range of temperature for 1893	378	Prof. Cleveland Abbe	205, 241, 269, 309, 345
Army post surgeons, co-operation of (<i>see</i> Introduction).		Electricity (<i>see</i> Atmospheric Electricity).	
Arizona (<i>see</i> State Weather Services).		Eliot, J., cold weather storms of India	295
Arkansas (<i>see</i> State Weather Services).		Fassig, Oliver L., proceedings of the meteorological congress at Chicago	227
Atmospheric electricity..... 19, 48, 78, 111, 139, 167, 193, 222, 255, 289, 328, 359		Floods:	
Atmospheric pressure	1, 32, 62, 92, 123, 154, 179, 205, 241, 269, 309, 343	at Mobile	272
Auroras (<i>see</i> Atmospheric Electricity).		on the Atlantic coast	288
Baturoni, Prof. G., Northers of Vera Cruz	226	in rivers (<i>see</i> Inland Navigation).	
Berry, James, proceedings second annual convention of American Association of State Weather Services	228	Florida (<i>see</i> State Weather Services).	
Board of Editors	1, 31, 61, 91	Fog (<i>see</i> North Atlantic Storms).	
California (<i>see</i> State Weather Services).		Frosts (<i>see</i> Temperature of the Air):	
Canadian service, co-operation of (<i>see</i> Introduction).		frostless belts (C. Abbe)	365
Charts :		predictions by C. E. Linney	225
Depth of snow on ground at end of month	ch. vii	in Texas	332
Depth of snowfall, total monthly	ch. v or vi	Garriott, E. B., editor from January to July.	
Fog in North Atlantic	ch. i	Georgia (<i>see</i> State Weather Services).	
Ice in North Atlantic	ch. i	Hail (<i>see</i> Precipitation).	
Isobars, isotherms, and prevailing winds, current monthly	ch. ii	Haupt, Col. W. W., frosts and northers in Texas	332
Isobars and prevailing winds, normal monthly	ch. v	Hazen, Prof. H. A.:	
Limits of freezing weather	ch. vi	Violent storms of March 23, 1893	90
Hudson River navigation, opening and closing of	ch. ix for Jan.	Relative intensity of West India storms	333
Precipitation, total monthly	ch. iii	Henry, A. J., acting chief of Records Division, authority for statisti- cal data	343, 377
Tracks of centers of high pressure	ch. iv	High water caused by gales (C. Abbe.)	297
Tracks of centers of low areas	ch. i	Hot waves (<i>see</i> Warm Waves).	
Charts in annual summary:		Hurricanes (<i>see</i> Low areas under Atmospheric Pressure).	
Normal annual mean pressure	ch. i	Hydrographic Office, Navy Department, co-operation of (<i>see</i> Intro- duction).	
Normal annual wind resultants	ch. i	Ice in the ocean (<i>see</i> North Atlantic Storms).	
Mean annual pressure for 1893	ch. ii	Ice in rivers (<i>see</i> Inland Navigation).	
Wind resultants for 1893	ch. ii	Idaho (<i>see</i> State Weather Services).	
Mean annual temperatures for 1893	ch. iii	Illinois (<i>see</i> State Weather Services).	
Departures of temperature for 1893	ch. iii	Indiana (<i>see</i> State Weather Services).	
Maximum temperatures for 1893	ch. iv		
Minimum temperatures for 1893	ch. v		
Annual range of temperature for 1893	ch. vi		
Total precipitation for 1893	ch. vii		
Characteristics of the Weather	1, 31, 61, 91, 123, 153, 179, 205, 241, 269, 309, 343, 377		
Climatological data, Weather Bureau stations	29, 58, 88, 121, 150, 177, 203, 239, 266, 306, 341, 375, 379		

	Page.		Page.
India, cold weather storms of	295	Pennsylvania (<i>see</i> State Weather Services).	
Inland Navigation	17, 47, 77, 110, 138, 167, 193, 221, 254, 289, 326, 358	Precipitation.....	9, 38, 68, 98, 129, 159, 184, 213, 248, 282, 319, 351
Iowa (<i>see</i> State Weather Services).		Pressure (<i>see</i> Atmospheric).	
Introduction	1, 31, 61, 91, 123, 153, 179, 205, 241, 269, 309, 343	Rainy days, number of (<i>see</i> Climatological table, Weather Bureau stations, monthly).	
Kansas (<i>see</i> State Weather Services).		Records Division, statistical tables prepared by.....	343, 377
Kentucky (<i>see</i> State Weather Services).		Reduction to standard gravity	377
Keuchler, J., annual rings of tree growth.....	331	Rivers and harbors (<i>see</i> Inland Navigation).	
Lake Ontario, currents of (C. Abbe).....	259	Rainfall, monthly (<i>see</i> Precipitation).	
Lakes, observations on the.....	258, 294, 331, 363	Rainfall, excessive (<i>see</i> Precipitation).	
Life-Saving Service, Treasury Department, co-operation of (<i>see</i> Introduction.)		Rainfall, maximum and minimum (<i>see</i> Precipitation).	
Lightning (<i>see</i> Local storms under Wind, and thunderstorms under Atmospheric Electricity).		Sleet (<i>see</i> Precipitation).	
Linney, C. E., frost predictions.....	230	Snow (<i>see</i> Precipitation).	
List of stations and observers, Weather Bureau.....	60, 152	South Carolina (<i>see</i> State Weather Services).	
List of stations, voluntary, military, and regular observers, pp. 1-12, appended to the Reviews for March, June, and September.		South Dakota (<i>see</i> State Weather Services).	
Local storms of March 23, 1893 (<i>see</i> H. A. Hazen).		Stage of water in rivers and harbors (<i>see</i> Inland Navigation).	
Louisiana (<i>see</i> State Weather Services).		State Weather Services (monthly meteorological summaries of)	19, 49, 79, 111, 140, 168, 194, 222, 256, 292, 328, 361
Magnetic storms (<i>see</i> under Atmospheric Electricity).		State Weather Services, proceedings second annual convention.....	228
Maryland (<i>see</i> State Weather Services).		Storms (<i>see</i> Areas of Low Pressure under Atmospheric Pressure).	
Meteorological phenomena for August.....	225	Storms, local (<i>see</i> under Winds).	
Meteorological tables (<i>see</i> Climatological Data).		Storms, North Atlantic (<i>see</i> North Atlantic Storms).	
Mexico (<i>see</i> Climatological Data).		Storms, tracks of (<i>see</i> Charts).	
Michigan (<i>see</i> State Weather Services).		Supplement, Annual Summary	380
Military posts (<i>see</i> Lists of Stations).		Temperature of the Air...7, 36, 66, 96, 127, 158, 183, 211, 245, 277, 314, 348	348
Minnesota (<i>see</i> State Weather Services).		Tennessee (<i>see</i> State Weather Services).	
Mississippi (<i>see</i> State Weather Services).		Texas (<i>see</i> State Weather Services).	
Missouri (<i>see</i> State Weather Services).		Texas, frosts, northers, tree growth, and rainfall in	331, 332
Mobile, floods at.....	272	Thermal belt (C. Abbe).....	365
Montana (<i>see</i> State Weather Services).		Thunderstorms (<i>see</i> Atmospheric Electricity).	
Movement of centers of high and low areas, table.....	5, 35, 65, 95, 126, 156, 181, 209, 243, 271, 313, 346	Tornadoes (<i>see</i> Local storms under Wind).	
Navigation, opening and closing (<i>see</i> Inland Navigation).		Tornado of March 23, 1893	90
Nebraska (<i>see</i> State Weather Services).		Tornado in Cleveland County, Okla.....	109
Nevada (<i>see</i> State Weather Services).		Tree growth and rainfall (C. Abbe)	331
New England (<i>see</i> State Weather Services).		Utah (<i>see</i> State Weather Services).	
New Jersey (<i>see</i> State Weather Services).		Virginia (<i>see</i> State Weather Services).	
New Mexico (<i>see</i> State Weather Services).		Voluntary observers and stations (<i>see</i> List of stations).	
New York Herald, co-operation of (<i>see</i> Introduction).		Washington (<i>see</i> State Weather Services).	
Nomenclature (C. Abbe).....	225	Warm waves	61
Normal pressure and wind resultants.....	380	Weather (<i>see</i> Characteristics of).	
North Atlantic storms	6, 35, 65, 95, 126, 157, 182, 209, 244, 276, 313, 347	Weather Bureau, commendations of	208
North Carolina (<i>see</i> State Weather Services).		West Indian hurricanes (<i>see</i> under Low areas in Atmospheric Pressure).	
North Dakota (<i>see</i> State Weather Services).		West Indian storms, relative intensity of (H. A. Hazen).....	333
Northers in Texas	332	West Indies (<i>see</i> Climatological data, voluntary observers).	
Northers of Vera Cruz (and Tampico)	226, 363	West Virginia (<i>see</i> State Weather Services).	
Notes by the Editor (C. Abbe)	225, 259, 295, 331, 363	Wet seasons (<i>see</i> under Precipitation).	
Observations on the Great Lakes	258, 294, 331, 363	Widmeyer, J. J., Observer, Weather Bureau, on the tornado of April 25, 1893	109
Ohio (<i>see</i> State Weather Services).		Wind	16, 45, 74, 105, 135, 165, 190, 219, 253, 288, 325, 357
Ocean ice and fog (<i>see</i> North Atlantic Storms).		Winds, comparison of prevailing and resultant	365
Ocean swell during hurricanes.....	273	Wisconsin (<i>see</i> State Weather Services).	
Oklahoma (<i>see</i> State Weather Services).		Wyoming (<i>see</i> State Weather Services).	
Oregon (<i>see</i> State Weather Services).		Zones, verdant (frostless belts).....	365
Partly cloudy days (<i>see</i> Climatological table, Weather Bureau stations, monthly).
