PRELIMINARY INVENTORY OF COASTAL IMAGERY
WISCONSIN, 1974

The purpose of the inventory of coastal imagery is to establish an index of available aerial photographs and other remote sensing imagery of Wisconsin's Lake Michigan and Lake Superior shorelines. Aerial photographs are recognized as one of the major sources of data of the coastal area. The inventory is being made by the Wisconsin Department of Natural Resources, Bureau of Water Regulation and Zoning as part of the Federal Coastal Zone Management Program. Financial assistance for this study has been provided through the Wisconsin Coastal Zone Management Development Program by the Coastal Zone Management Act of 1972 administered by the Federal Office of Coastal Zone Management, National Oceanic and Atmospheric Administration.

The preliminary inventory of coastal imagery was compiled from inventories of State and Federal agencies. The inventory of coastal imagery of Wisconsin's Lake Michigan shoreline was helped by access to the Coastal Imagery Data Bank of the Coastal Engineering Research Center, U. S. Army, Corps of Engineers as provided by the North Central Division Office of the U. S. Army, Corps of Engineers. Similiar aid was not available for Wisconsin's Lake Superior shoreline at the time of this report, but such help is anticipated for the final report in 1975.

It is fully realized that many corrections, deletions and additions will be required to insure the accuracy and value of the final inventory. It is for this purpose that the inventory is being distributed in its present preliminary form. It is hoped that this early distribution will stimulate such changes as are required for an accurate and complete index of coastal imagery.

The preliminary inventory, compiled principally from secondary sources, has been entered on punched cards to make anticipated corrections, deletions, and additions easier. The enclosed report is a printout of the inventory deck by Regional Planning Commission Area, County and date of imagery. Appendix A lists and explains the columnar information in the printout. Appendix B lists the agencies holding the imagery and their addresses.

The final inventory report will locate the imagery within the counties. The photos will be plotted on county base maps from photo index sheets. The completeness of the final report will depend on the response to this preliminary inventory.

APPENDIX A

DESCRIPTION OF CODED INFORMATION

COLUMN

1 Source - Symbol for Agency holding the imagery. Appendix B lists the sources, their symbols and addresses.

2 Date - The year the imagery was flown.

3 Date - The month the imagery was flown.

4 Scale - Scale of the image in thousands expressed as a representative fraction, (020 = 1:20000). Oblique images are indicated at maximum scale (+5 = 1:5000+).

5 Format - Negative size of the imagery in inches (9 x 9 = 9 inches by 9 inches) or in millimeters (070 = 70 millimeters).

6 Type - Type of imagery:
- BW - Black and White
- CT - Color Transparency
- BWIR - Black and White infrared
- CIR - Color infrared
- THER - Thermal infrared
- COL - Color Print

7 Focal Length - Focal length of camera to nearest inch (8 1/4 = 08).

8 Characteristic - Three letter symbol indicating:
- a. S - Stereo
  O - Oblique
- b. C - Continuous coverage
- c. N - North-South flight line
  E - East-West flight line

(SCN = Stereo, continuous coverage on North-South flight lines)

9 Filter - Type of filter used in the imaging device.

10 Film - Type of film used in the imaging device.

11 Mission - Symbol used by Agency to designate imagery.

12 Remarks - Description of location of imagery, particularly non-continuous imagery.

13 Number - Corps of Engineers inventory number from Coastal Imagery Data Bank, Coastal Engineering Research Center, compiled by Defense Mapping Agency.

APPENDIX B

INDEX OF AGENCIES HOLDING AERIAL IMAGERY

ASCS - Agricultural Stabilization and Conservation Service
Eastern Aerial Photography Laboratory
Compliance and Appeals Division
ASCS - USDA
45 South French Broad Avenue
Asheville, North Carolina 28801

COEC - Corps of Engineers, Chicago
Department of the Army
Chicago District
Corps of Engineers
536 South Clarke Street
Chicago, Illinois 60605

EMDA - Environmental Monitoring and Data Acquisition Group
Envirnomental Monitoring and Data Acquisition Group
Institute for Environmental Studies
University of Wisconsin - Madison
Madison, Wisconsin

NARC - National Archives
Cartographic Archives Division
National Archives (GSA)
Washington, D. C. 20408

NOAA - National Oceanic and Atmoshperic Administration, Department of Commerce
1. Lake Survey Center
630 Federal Building
Detroit, Michigan 48226
2. National Oceanic and Atmoshperic Administration
Department of Commerce
Washington Science Center
Rockville, Maryland 20852

SCS - Soil Conservation Service, Department of Agriculture
Soil Conservation Service
Department of Agriculture
Federal Center Building
East-West Highway and Belcrest Road
Hyattsville, Maryland 20781

SWRP - Southeastern Wisconsin Regional Planning Commission
Southeastern Wisconsin Regional Planning Commission
916 North East Avenue
Waukesha, Wisconsin 53186

USGS - United States Geological Survey, Department of Interior

1. Mid Continent Mapping Center
   Department of Interior, USGS
   Rolla, Missouri 65401
2. Map Information Office
   Geological Survey
   Department of Interior
   Washington, D. C. 20242

WDNR - Wisconsin Department of Natural Resources
Department of Natural Resources
Bureau of Water Regulation and Zoning
Box 450
Madison, Wisconsin 53701

WDOT - Wisconsin Department of Transportation
Department of Transportation
Document and Map Sales Office
4802 Sheboygan Avenue
Madison, Wisconsin 53701

WHC - Wisconsin Highway Commission
See - Wisconsin Department of Transportation
