

Space pioneer

David S. Johnson, of Annapolis, right, was one of 13 U.S. space scientists honored at a ceremony April 1 in Washington, D.C., marking the 25th anniversary of weather satellites. He received a silver medal from Secretary of Commerce Malcolm Baldrige, left. Johnson, who retired in 1982 after 30 years with the government, worked on Tiros 1, the first weather satellite, which was launched from Cape Canaveral. A native of California, Johnson has lived in Annapolis since 1979.

Severn School names students to honor roll

National Council
 Atmospheric Administration
 U.S. Dept. of Commerce

The following students were named to the headmaster's list for the third quarter at Severn School.

SIXTH GRADE

ROBERT GRANGER
 ... academy professor

Symposium organizer named

Robert Granger, a professor at the U.S. Naval Academy, has been named organizer and chairman of a five-day NATO symposium on vortex dynamics to be held in 1986.

Granger, of the Mechanical Engineering Department, recently published a textbook titled "Fluid Mechanics." He is currently writing "A Unified Method of Aeroelasticity," which will be the text for the academy's Aerospace Engineering Department's Aeroelasticity course, offered in the spring of 1986.

AACC NEWS

Registration

Registration for fall semester credit classes will be held from April 29 through Aug. 21 at Anne Arundel Community College in the new Student Services building. Fall classes begin Aug. 22.

Office hours are Monday through Thursday from 8:30 a.m. to 8 p.m., Fridays from 8:30 a.m. to 4:30 p.m. From May 27 through Aug. 11, the office will be open Monday through Thursday from 8:30 a.m. to 8 p.m. A special Saturday registration day will be held Aug. 17 from 10 a.m. to 1 p.m.

Off-campus registration will be held at Fort Meade and Arundel Center North April 28 through Aug. 15. The Army Education Center, Building 393, will be open from 1 to 4 p.m. Monday through Thursday and 5 to 9 p.m. Aug. 12 and 13. For information, call 269-7241.

High school visits

Anne Arundel Community College recruiters will visit area high schools this spring to admit and register students.

Graduating high school seniors will be able to complete admission and registration during the AACC visits.

"Students who take advantage of the registration at their schools won't have to worry about returning from vacations in August to register at AACC," said Herbert H. Curkin, director of admissions. "They can avoid the crush of last-minute registrations by Ocean City vacationers, and they can be guaranteed course selections and class times that won't conflict with their work schedules."

Students who miss out on signing up at their high schools should visit the admissions office on campus. They also can take advantage of registration offered by AACC during shopping mall visits and through mail-in or phone-in registration.

Schools, dates and times for AACC visits:

- Andover, Thursday, April 25, 9:45 a.m.
- Annapolis, Thursday, May 9, 8:30 a.m.
- Arundel, Tuesday, April 23, 9 a.m.
- Broadneck, Wednesday, May 1, 9:50 a.m.
- Brooklyn Park, Wednesday, April 24, 9:30 a.m.
- Chesapeake, Monday, April 22, 10 a.m.
- Glen Burnie, Friday, May 3, 9:15 a.m.
- Meade, Tuesday, April 30, 9:30 a.m.
- Northeast, Monday, April 29, 9:30 a.m.
- Old Mill, Tuesday, May 7, 8:30 a.m.
- Southern, Thursday, May 2, 10 a.m.
- South River, Wednesday, May 1, 9 a.m.
- St. Mary's, Thursday, May 2, 10 a.m.

For registration information call the AACC admissions office at 269-7246.

If your home was built before the energy conscious late seventies, replacing inefficient windows and doors is a necessity. Fortunately, PELLA, the leader in innovative windows and doors for over 55 years, offers a full range of energy efficient products which enhance the appearance of your home.

Whether you're building a new home, remodeling an older one, or replacing inefficient windows and doors, discover the SAVINGS WITH PELLA.

SAVE ON MAINTENANCE
 Pella exterior framing resists chipping, peeling, flaking, chalking, and never needs painting. Pella also features unique patents for cleaning both sides of the window without stepping outside of your home, and sliding glass doors that glide smoothly and shut tight.

SAVE ENERGY
 Double and triple glass insulation systems eliminate air infiltration up to 16 times better than industry standards.

SAVE ON INSTALLATION
 PELLA products come in a full range of sizes, styles, and shapes to assure fast, neat, and time saving installation. Quality contractors know the value of PELLA products.
