

UNITED STATES SPACE FOUNDATION

GENERAL JAMES E. HILL, USAF (RET)  
CHAIRMAN

RICHARD P. MACLEOD  
PRESIDENT

March 19, 1992

Mr. David S. Johnson  
1133 Lake Heron Drive, Apt. 3A  
Annapolis, MD 21403

Dear Mr. Johnson:

Our congratulations to you on the announcement of the induction of the Direct Readout Satellite Data System into the **Space Technology Hall of Fame** for 1992. You and others are being recognized for your role in the successful development and commercialization of this technology. It was selected by a prestigious panel as an example of a space technology application that has had a significant impact on the American public as well as the marketplace.

Please accept our invitation to attend the **Eighth National Space Symposium**, March 31 - April 3, 1992, at the Broadmoor Hotel, as our guest. The invitation does not include travel or hotel expenses, but we have negotiated a special reduced room rate of \$80.00 with the Broadmoor Hotel (1-800-634-7711).

As in past years, the extensive list of speakers will include an extraordinary group of civil, military, commercial and international space policy decision makers. A list of the Symposium speakers confirmed to date is enclosed for your review.

I've enclosed a copy of the draft schedule of events for your review and information. A press conference for all **Hall of Fame** inductees will be held at 3:00 p.m. on April 2 at the Symposium Press Room in Colorado Hall. Please note the **Hall of Fame Reception** begins at 5:30 p.m., followed by the Banquet at 6:30 p.m. Tim Janis of ARAC will provide you with more details about your role in these events upon your arrival.

Your prompt reply stating your intention to participate will help us as we finalize the details and build the strong pertinent schedule for which the Symposium is renowned. Please confirm your attendance by contacting Dawn Mead at (719) 550-1000. She will work with you on finalizing your arrangements.

Sincerely,

A handwritten signature in cursive script that reads "John P. Flannery".

John P. Flannery  
Executive Director
