**SCH. SAMOSET STRIPPED.**

**Sails, Running Rigging and Wheel Taken Off.**

**Crew Claim No Fishing Done Inside Three-Mile Limit.**

News from North Sydney, C. B., is to the effect that sch. Samoset of Duxbury, seized last Thursday at Sydney for alleged illegal fishing in territorial waters, has been stripped of sails, and running rigging and her wheel taken off. The matter in connection with the seizure is now before the authorities at Ottawa. The crew, seven in number, was taken in charge by United States Consul West and will be forwarded to the consul general at Halifax tomorrow, who will send them to their homes.

The crew voluntarily made affidavit before the consul that to the best of their knowledge and belief their vessel had never caught nor attempted to catch any fish within three miles of any Canadian coast. The crew also averred in their affidavit at the time they were suspected that they had only run under the lee of Flint island in order to repair their sails.

**Another Good Trip.**

Sch. Kineo, Capt. John Stream, arrived from a quick trip to Georges yesterday afternoon, with a fine fare, 14,000 pounds of halibut, 25,000 pounds of salt cod, and 40,000 pounds of fresh fish. Quick trips are Capt. Stream's specialty and this one will net a fine stock and share.

**Good Stocks.**

Sch. Tacoma, Capt. Adelbert Nickerson, stocked \$2100 on her recent halibut trip, the crew sharing \$46.

**HIGHEST PRICE OF SEASON.**

**Small Trip of Mackerel Brought 30 Cents Each in Boston.**

The fare of 1000 fresh mackerel which the netter Ocean Belle landed at Port Clyde, Me., on Wednesday, brought 30 cents each at Boston yesterday, the highest price of the season.

**Bait News.**

The St. John's, N. F., Herald of September 3 says that squid in large quantities made its appearance the past couple of days in Portugal Cove and fishermen got one and two quintals per day. The "Drummers Tax" and Capt. Rodgers' banker of Catalina baited and left there yesterday and a large American banker, which was at Bay Bulls with 200,000 cod, also arrived there from Torbay to bait.

**Fresh Fish Sales.**

The fare of sch. Manhasset sold to Slade Gorton & Co. and those of schs. Buena and Oliver F. Kilham to Reed & Gamage.

**Shoal Spot Found.**

The Canadian surveying steamer Eleanor, Capt. Tooker, has been working around the northern coast of Newfoundland this season, and during her surveying work a shoal has been found at a spot where hitherto no shallow water was supposed to be. This shoal is some 17 miles E. by S. 1-2 S. of Cape Bauld, and when sounded the water was found to be 14 fathoms deep. A schooner some years ago reported having met breaking water there, but the report was discredited, as deep water was supposed to extend in all directions in the locality.

**Fine Stock and Share.**

Sch. Kineo, Capt. John Stream, stocked \$2800 on her recent Georges halibut trip, the crew making the splendid share of \$83.46. The vessel was gone but 20 days, and had 14,000 pounds of halibut, 25,000 pounds of salt cod and 45,000 pounds of fresh fish.

**WEEKLY FISH MARKET.**

Trade has been very fair this week and fish, with the exception of shack, via Boston, has been in only moderate receipt.

Many of the mackerel fleet have hauled out, not having seen a fish for two weeks, and are now fitting for different branches of winter fishing. The salt mackerel catch will be much below even last years' small catch.

The splitting prices of fresh cod and haddock have advanced sharply and show no signs of sliding back. This is caused by the fact that the eastern shackers, with full baitings of squid to work on have about all returned with much smaller fares than were expected. This the dealers know is a poor outlook for good second trips by the salt bankers, which would mean a short supply of salt codfish.

News from the salt bank fleet backs up this feeling, several of the vessels having been heard from as just beginning fishing operations. Scarcity of bait has been the great trouble, some of the craft being five weeks without putting p trawl in the water.

The market on all grade of fish is very firm.

The receipts at this port for the week ending Sept. 10 are

- 483,000 lbs. salt cod.
- 880,000 lbs. fresh cod.

**OFF SOUTHWEST HARBOR.**

**Sch. Maud S. Made Good Haul of Large Mackerel.**

**At That Port This Morning with 110 Barrels.**

The first mackerel news for some time arrived this morning, when a despatch received here stated that sch. Maud S., arrived at Southwest Harbor this forenoon with 110 barrels of salt mackerel. The fish were taken off there, and are of extra large size, the same as those taken off Sankaty Head, a few weeks ago.

Two small craft with fairly large trips of mackerel arrived at Portland yesterday and relieved the monotony which was becoming painfully apparent along the water front the last few days. They were the sloop Wodan of this port and the sch. Freedom of Salem, each of about 10 tons burden, and each bringing in 2000 mackerel. The schooners Evangeline and Angielena also arrived, but they had not had the luck of the other arrivals, the former having only two and the latter 15 mackerel in all, although the Evangeline had about 1000 pounds of mixed fish to help out her trip. All the captains complained of the sharks, which are very numerous off the coast just now, and which not only interfere with the fish by driving away the schools, but also make themselves a nuisance by destroying the nets.

The New England catch of salt mackerel to date is 27,510 barrels against 37,213 barrels at this time last year.

Total import of New Irish to date 8692 barrels against 15,886 barrels last year.

French mackerel landed to date 46,000 barrels, against 38,000 barrels last year.
