SWORDFISH FARES CONTINUE LIGHT

Swordfish continue in light supply from the fishing fleet, and boats that arrived recently at the Hub have had small catches. The price last week ranged from 19 1-2 cents to 24 cents for large and 15 to 19 cents for "pups." Total receipts to date have been 6735 fish, 3623 from the local boats and 3133 fish from Nova Scotia.

In the corresponding week of last year, the receipts amounted to 8567 fish, 4369 from vessels and 4198 from Nova Scotia. Prices ranged from 15 1-2 to 20 cents for large and 15 to 20 cents for "pups".

KING MACKEREL CONTINUES SCARCE

A mackerel seiner landed a good catch of large and medium mackerel the first of last week and a few small catches of mackerel and "blinks" were landed from Barnstable bay. However, the fleet has been tied up most of the time on account of fog and scarcity of fish.

In the corresponding week last year the mackerel fleet landed 1,236,400 pounds of fresh mackerel that were caught mostly off No Man's Land. They sold from 2 1-4 to 7 cents per pound for large and 1 1-2 to 4 cents for blinks. About 500,000 pounds were sold at Gloucester for salting and canning.

The total catch of the mackerel fleet to date has been 7,730,200 pounds as compared with 28,563,700 pounds in 1936; 31,523,400 pounds in 1935; 21,246,741 pounds in 1934; and 18,891,660 pounds in 1933.
