OCTOBER
TWENTY-NINE
1917

Mr. Ward T. Bowers,
Department of Commerce,
Bureau of Fisheries,
Washington, D. C.

My dear Mr. Bowers:

Am handing you herewith report of
fishing operations by the above Company for the year
1917.

At your request, we have made an extra
effort to get this out and to you at an early date,
and we trust you will find it in good form, and
satisfactory.

I might add that we had a very good
season, and altho fish South of Wrangell Narrows were
rather scarce, we hustled around and got a few.

Was in hopes that we might have seen
you this summer, but trust that you will be able to
get out later.

With best wishes, I am

Very truly yours,

OAB-EB
