Seattle, Washington.

Gentlemen:

On your report of fishery operations at Naknek, Alaska, there are listed among unregistered vessels, two launches, the Atka and the Nunivak, both of which judging from their value are registered boats and should have been listed in the column designed for the entry of such vessels.

If such is a fact, please advise as to the net tonnage of each.

Very truly yours,

H. F. Moore.

Acting  
Commissioner.
