Gentlemen:

Referring to your reports of fishery operations at Chignik and Nushagak, Alaska, in 1918, it is noted that you did not state the "cost of operations, exclusive of wages, and value of vessels, and fishing gear" listed separately. Please submit a statement of the cost of operations at your Alaska canneries in order that your reports may be completed and the compilation of statistics of the fisheries of Alaska no longer delayed.

Very truly yours,

E. F. Moore,

Acting Commissioner.
