February 5, 1921.

Pure Food Fish Co.,
Ketchikan, Alaska.

Gentlemen:

Your report of fishery operations in Alaska in 1920 states that you purchased 198,634 fish from other traps, seines, and canneries, but did not include them in the catch made by your own appliances, assuming that they would be reported direct by the other operators. It is not likely that this will be done in every instance. The Bureau would therefore be pleased to have from you by return mail a statement showing the number of each species of salmon purchased and the names of the operators from whom they were obtained. Proper check can then be made against returns made by other concerns.

Your early attention to this matter will be appreciated.

Yours very truly,

H. F. Moore,
Commissioner.
