

Mr. Call.

February 14, 1923.

Mrs. Edna M. Woodruff,
Agent, Alaska Fisheries Service,
Ketchikan, Alaska.

The Bureau is endeavoring to get statistical reports from all persons and companies engaged in fishery business in Alaska. Of these, the following are located at Ketchikan:

Gravina Fish Company
Jenkins Fish Company
Fresh Fish Company
Lind Alveness
Mrs Keller

Blanks for this report are being forwarded to you herewith for distribution to the above named operators, or such of them as were engaged in fishery business in 1922, whether as the operators of traps, salters, milacurers, or dealers in and shippers of fresh fish. Notify each one to whom a blank is given that the Bureau desires the report, as required by law, at the earliest possible date, in order that the compilation of statistics be not longer delayed.

If any of those named above were not in business in 1922, so advise the Bureau.

Henry O'Malley
Commissioner.
