**SUPPLEMENTARY PERMIT TO ENGAGE IN FISHERY OPERATIONS WITHIN  
THE SOUTHWESTERN ALASKA FISHERIES RESERVATION**

Supplementary Permit.  
Libby, McNeill and Libby.  
Egegik.

January 8, 1923.

-----

A permit, No. 31, having been granted to Libby, McNeill and Libby, under date of December 20, 1922, for the operation of its plant for the canning and salting of salmon for commercial purposes at Egegik, within Zone Two of the Bristol Bay District of the Southwestern Alaska Fisheries Reservation, during the calendar year 1923, in which permit it was specified that the company might operate twenty-four (24) gill-net boats, each boat carrying not to exceed two hundred (200) fathoms of gill nets; information has been submitted to the Department that this cannery operates three lines of machinery instead of two upon which the allotment of gear was based. An additional twelve (12) gill-net boats is therefore allotted to the Egegik plant, making a total of thirty-six (36) gill-net boats which may be used during the season of 1923.

Assistant Secretary of Commerce.
