

Blank for reporting on Streams

DEPARTMENT OF COMMERCE

BUREAU OF FISHERIES
Seattle, Wash.

October 22, 1924

The Commissioner of Fisheries
Washington, D. C.

Replying to office letter of October 17, file 17,
pertaining to blanks for reporting on examination of Alaska
salmon streams, I would advise that we are taking the
matter up with Dr. Gilbert today, and after an exchange of
ideas, will immediately advise your office.

Dennis Linn
Agent.

Unfinished

October 17, 1924.

17

Blank for reporting on examination of Alaska salmon streams.

Mr. Dennis Winn,
1217 L. C. Smith Bldg.,
Seattle, Washington.

From time to time statements have appeared in the Semi-Monthly Reports of Alaska Wardens and others, in regard to examinations made of salmon streams. Information of this character is very valuable and necessary, but it has not been of uniform nature. With a view to putting this on a more uniform and business-like basis, the office has prepared a tentative blank to be executed whenever a stream examination is made.

This blank is submitted to you for comment and any change that you may think desirable. When the final form is decided upon it is planned to have an ample supply printed and placed in the hands of interested employees.

Dotted lines have not been inserted for the reason that reports will undoubtedly be prepared by typewriter, so that the necessary carbon copies can be made at the same time.

As Dr. C. H. Gilbert is very much interested in the matter of stream data a copy of the proposed blank and of this letter will be sent to him for his consideration. Possibly you and Dr. Gilbert may wish to exchange ideas before the matter is finally taken up with this office.

Copy to-
Dr. Gilbert.
WB-MS MB

Henry O'Malley.
Commissioner.

Enclosure.
