ALPHABETICAL INDEX TO CIRCULAR LETTERS (1940-1952)Circular Letter No.

## A

Accident, reporting procedures	59-48
Additive Data, Instructions for coding	12-49
Adiabatic Charts, lapse rate briefing for aviation	14-50
Adiabatic Diagram, SKEW T-log p	41-52
Agricultural forecast services	54-44, 15-47, 8-48, 23-49, 33-51
Air Carrier Operations, weather information concerning	19-47
Aircraft Clearances, interference in weather reporting	5-47
Airline Operations, information to public	19-47
Air Mass Designator cTk and S	39-44
Alaska, original appointment of subprofessionals	70-47
Amateur Weathermen of America, cooperation with	58-48
Analysis Center,	
Change in position groups, 700 mb analysis & 12-hour pressure change chart	128-49
Program and transmissions	24-43
Transmission of Canadian analysis	103-49
Use of cTk air mass designator	39-44
Transmissions, change in, (U.S. Surface, MA DCA on Service C)	37-52
Analysis, three-hourly, transmission	17-49
Analysis, weather, symbols	4-50
Appeals, classification, rights under Act	38-52
Appointment of subprofessionals directly to Alaska	70-47
Automotive Equipment, use	95-46
Aviation,	
Officials, liaison with State	87-49
Weather reporting, influence to change observation	5-47
Weather Service,	
Improvement through cooperation with state agencies	80-49
Pilot briefing,	
Guide for improvement	46-50
Responsibility	54-49
Use of term VFR	46-49
Raobs for lapse rate briefing	14-50
Awards, superior accomplishments	3-51

## B

Balloons,	
Ceiling, supply for Fiscal 1952	43-51
Defective, reporting procedure	43-51
Pilot, supply for Fiscal 1952	43-51
Beneficiary, designation for retirement purposes	76-50
Bids, certification to accompany	27-51
Briefers, inauguration of training course for	37-51
Business, small, report on procurement from	27-50

INDEX TO CIRCULAR LETTERS

C

Canadian analysis, transmission on Service C	103-49
Ceiling price regulations, contract provisions as to compliance with	27-51
Ceillometer, raob, rawin, installation and maintenance	46-47
Certificates of Authority, signature of officer administering oaths	75-50
Citizenship, proof of	36-46
City Office Data, cities transmitting data with synoptic reports	85-47
Civil Defense Activities	11-51
Classification Act, right of appeal under	38-52
Classified information, handling	9-42
Clearance of employees for security purposes	32-51, 39-51
Climatological, Data, Requests for, from Military Agencies & Military Contractors	26-52
Local, revision of format for preparation of monthly issue of	17-52
Local, station names on	5-52
Record, Entry of average station pressure	78-50
Entry of Data of Occurrence of Maximum Precipitation Values On, Forms 5332, A-D, for 1951-1970	24-52
Records, dewpoint and relative humidity values before and after January 1, 1949, comparability	115-48
Services Division, Organization	30-51
Substations, establishment at radio stations, newspapers, etc., policy regarding	84-49
Clocks, instrument, return of parts for repair	38-50
Coast Guard, Lightship Reports, Code	81-49
Code, Coast Guard Lightship Reports	81-49
Ice reports on Great Lakes	13-51
Microseismic Data	65-47
New, approval required for	83-43
PAA, Synoptic and Aero, 1949 Edition	1-49
Radiosonde, Amendment to 1949 Edition	20-49, 143-49, 28-50
Seven hundred mb data	98-50
Ship, Raob, Upper Wind, Analysis, Synoptic and Aircraft Reporting, Changes effective January 1, 1949	106-48
Synoptic, 1949, Amendment #1	88-49, 109-49, 50-50
Synoptic, 1949, Coding Correction Messages	9-51
Synoptic, 1949 Edition, Conversion of 3-hourly and 6-hourly synoptic report to the airway hourly form	30-49
Synoptic, 1949 Edition, Instructions for coding present weather	27-49
Synoptic, 1949 Edition, for Mexican Stations	117-48
Synoptic Reports, Pacific Ocean Area	15-50
Confidential Information, handling	9-42
Congress, Release of Information on Legislative Matters	31-51
Contracts, Certification to accompany	27-51
Corrections to 6-hourly, 3-hourly, and upper wind reports	9-51

INDEX TO CIRCULAR LETTERS

D

Daily Weather Bulletins,	
Copies to Central Office	38-46
Subscription Price	18-51
Dew Point Conversion, new rules	101-48, 115-48
Differential and Allowances for Overseas Assignments	16-49, 31-49, 48-49
Downtown Data, Cities transmitting City Office data with synoptic reports	85-
Draft, Policy regarding deferment	55-50, 73-50, 24-51
Duty Status for New Employees	39-46

E

Education, Graduate Record Exam, Credit	101-47, 30-48
Electronic Technicians, responsibilities	46-47
Emergency Assistance,	
Employment	45-45
Reporting Employment	21-46
Employees,	
Acquisition of Competitive Status under E.O. 10157	83-50, 97-50
Fee	23-52
Pay for first duty day	39-46
Private Business Activities	7-48
Private participation, Television Programs	22-52
Promotion, Reduction in Force, and Transfer Actions,	42-51
Effect of Whitten Amendment	
Equipment, Instrumental, reporting unserviceable	33-50
Executive Order 10157, Acquisition of Competitive Status	83-50, 97-50
Experimental Project, XREP	36-52

F

FAWS Centers, Terminal Forecast Assignments for	32-52
Fee Employees	23-52
Fees,	
Daily Bulletins	18-51
Receipt for Cash Received, WB Form 1441	61-50
Field Aides,	
Duties relative to raob and ceilometer work	46-47
Observational Exams Administered	54-48
Fire,	
Prevention	108-49
Reporting Occurrence	43-50
Fluorescent lights, handling burned out tubes	60-49
Forecast groups, terminal, code	67-49
Forecasts,	
Agricultural	54-44, 15-47, 8-48, 23-49, 33-51
Automatic Telephone, changes	47-44
Continuity in Service to Press and Radio	85-44
Dissemination of, General in Lieu of Individual Channels	37-49

INDEX TO CIRCULAR LETTERS

Forecasts (cont'd)	
For Public from Military Installations	70-46
Identification and Responsibility	54-49
In Newspaper Ads	7-50
Local, Identification	8-49
Office, Independent, New York City	61-49
Publication	11-40
Tornado, Policy regarding	52-50
Two hour Terminal, for CAA Broadcast	73-46, 28-48
Forecasting, Terminal, Reference Manual	71-49
Foreign,	
Exchange of Station Publications	47-48
Post Differential, Regulations	16-49, 31-49, 48-49
Weather Reports, Use	73-49
Form,	
Commerce Department	
CD 50, Forwarding with Defective Instruments	137-49
CD 79, Request for Security Clearance	39-51

ALPHABETICAL INDEX TO  
CIRCULAR LETTERS  
(1940-1951)

This index is for use in determining the location of instructions issued in the form of Circular Letters. Contents of all Circular Letters which were in effect on January 1, 1952 are indexed according to the subject matter contained in the letter.

WASHINGTON, D. C.  
REVISED - JANUARY 1952

ALPHABETICAL INDEX TO CIRCULAR LETTERS (1940 - 1951)Circular Letter No.

Absence from office, card to indicate pilot balloon observer's whereabouts	91-40
Accident, reporting procedures	59-48
Additive Data, instructions for coding	12-49
Adiabatic charts, lapse rate briefing for aviation	14-50
Agricultural forecast services	54-44, 15-47, 8-48, 23-49, 33-51
Air carrier operations, weather information concerning	19-47
Aircraft clearances, interference in weather reporting	5-47
Airline operations, information to public	19-47
Air mass designator cTk and S	39-44
Alaska, original appointment of subprofessionals	70-47
Amateur Weathermen of America, coop.	58-48
American Red Cross,	
daily forecast service	72-48
special warning service	34-48
Analysis Center,	
change in position groups, 700 mb analysis and 12-hour pressure change chart	128-49
program and transmissions	24-43
transmission of analysis	65-48
transmission of Canadian analysis	103-49
use of cTk air mass designator	39-44
Analysis, three hourly, transmission	17-49
Analysis, weather, symbols	4-50
Appointment of subprofessionals directly to Alaska	70-47
Area Hydrologic Engineers,	
duties	13-50
responsibilities under regional reorganization	83-49
Automotive equipment, use	95-46
Aviation,	
officials, liaison	87-49
use of radar reports in flight assistance	40-51
weather reporting, pressure to change observation	5-47
weather service,	
improvement through cooperation with state agencies	80-49
pilot briefing guide for improvement	46-50
pilot briefing; responsibility	54-49
pilot briefing, use of term VFR	46-49
raobs for lapse rate briefing	14-50
"stunt" flights	136-49
Awards,	
efficiency award program	4-51
superior accomplishments	3-51

## B

Balloons,	
ceiling, supply for fiscal 1952	43-51
defective, reporting procedure	43-51
pilot, supply for fiscal 1952	43-51

INDEX TO CIRCULAR LETTERS

Beneficiary,	
designation for retirement purposes	76-50
designation for unpaid compensation purposes	86-50
Bids, certification to accompany	66-45, 27-51
Binding of observational forms, amendment	69-50
Briefer, training course	37-51
Bureau of Federal Supply Index	25-48
Business, small, report on procurement from	27-50

C

Canadian analysis, transmission on Service "C"	103-49
Card punching for N. Hemisphere Historical Map Project	7-49
Ceiling price compliance on bids and contracts	66-45, 27-51
Ceilometer, raob, rawin, installation and maintenance	46-47
Certificates of authority, signature of officer administering oaths	75-50
Circular Letters, material contained	65-50
Circular II appointees, change from secretarial type	58-50
Citizenship, proof	36-46
City office data, cities transmitting data with synoptic reports	85-47
Civil Defense activities	11-51
Classified information, handling	9-42
Clearance of employees for security purposes	32-51, 39-51
Clearance of material for publication, radio, etc.	102-48
Climatological,	
record, entry of average station pressure	78-50
records, dewpoint and relative humidity values before and after January 1, 1949, comparability	115-48
Services Division, organization	30-51
substations, establishment at radio stations, newspapers, etc., policy regarding	84-49
Clocks, instrument, return of parts for repair	38-50
Coast Guard,	
disposition of weather records	15-51
Lightship reports, code	81-49
Code,	
Coast Guard Lightship reports	81-49
group $8N_5Ch_3h_5$ , transmission with airway hourly	112-48, 9-49
ice reports on Great Lakes	13-51
microseismic data	65-47
new approval required	83-43
NOTAM, posting	22-50
PAA, synoptic and aero, 1949 ed.	1-49
radar weather reports	40-51
radiosonde, amendment to 1949 ed.	20-49, 143-49, 28-50
rawinsonde, delayed data	102-46
river data, 1949 ed.	114-48
seven hundred mb. data	98-50
ship, raob, upper wind, analysis, synoptic and aircraft reporting, changes effective January 1, 1949	106-48

INDEX TO CIRCULAR LETTERS

synoptic, 1949, Amendment #1	88-49, 109-49, 50-51
synoptic, 1949, coding correction messages	9-51
synoptic, 1949 edition, conversion of 3-hourly and 6-hourly synoptic report to the airway hourly form	30-49
synoptic, 1949 edition, instructions for coding present weather	27-49
synoptic, 1949 edition, for Mexican stations	117-48
synoptic reports, Pacific Ocean Area	15-50
Communications,	
economy in use	81-50
preparation of telegrams	2-51
serial telegrams, discontinuation	35-51
toll expenses, monthly report	18-48, 20-51
toll vouchers, covering	6-50
Confidential information, handling	9-42
Congress,	
prohibition on influencing members	37-47
release of information on legislative matters	31-51
Contracts, certification to accompany	66-45, 27-51
Corrections to 6-hourly, 3-hourly, and upper-wind reports	0-51
County responsibility for hurricane advisories	49-44, 48-47, 65-49
CR reports, river stages	22-42

D

Daily Weather Bulletins,	
copies to Central Office	38-46
subscription price	18-51
Dew point conversion, new rules	101-48, 115-48
Differential and allowances for overseas assignments	16-49, 31-49, 48-49
DLAD, use of in filing reports	40-47
Downtown data, cities transmitting city office data with synoptic reports	85-47
Draft, policy regarding deferment	55-50, 73-50, 24-51
Drayage, specifications	48-48
Duty status for new employees	39-46

ALPHABETICAL INDEX TO  
CIRCULAR LETTERS  
(1940-1951)

This index is for use in determining the location of instructions issued in the form of Circular Letters. Contents of all Circular Letters which were in effect on January 1, 1952 are indexed according to the subject matter contained in the letter.

WASHINGTON, D. C.  
REVISED - JANUARY 1952

ALPHABETICAL INDEX TO CIRCULAR LETTERS (1940 - 1951)Circular Letter No.

Absence from office, card to indicate pilot balloon observer's whereabouts	91-40
Accident, reporting procedures	59-48
Additive Data, instructions for coding	12-49
Adiabatic charts, lapse rate briefing for aviation	14-50
Agricultural forecast services	54-44, 15-47, 8-48, 23-49, 33-51
Air carrier operations, weather information concerning	19-47
Aircraft clearances, interference in weather reporting	5-47
Airline operations, information to public	19-47
Air mass designator cTk and S	39-44
Alaska, original appointment of subprofessionals	70-47
Amateur Weathermen of America, coop.	58-48
American Red Cross, daily forecast service	72-48
special warning service	34-48
Analysis Center, change in position groups, 700 mb analysis and 12-hour pressure change chart	128-49
program and transmissions	24-43
transmission of analysis	65-48
transmission of Canadian analysis	103-49
use of cTk air mass designator	39-44
Analysis, three hourly, transmission	17-49
Analysis, weather, symbols	4-50
Appointment of subprofessionals directly to Alaska	70-47
Area Hydrologic Engineers, duties	13-50
responsibilities under regional reorganization	83-49
Automotive equipment, use	95-46
Aviation, officials, liaison	87-49
use of radar reports in flight assistance	40-51
weather reporting, pressure to change observation	5-47
weather service, improvement through cooperation with state agencies	80-49
pilot briefing guide for improvement	46-50
pilot briefing; responsibility	54-49
pilot briefing, use of term VFR	46-49
raobs for lapse rate briefing	14-50
"stunt" flights	136-49
Awards, efficiency award program	4-51
superior accomplishments	3-51
B	
Balloons, ceiling, supply for fiscal 1952	43-51
defective, reporting procedure	43-51
pilot, supply for fiscal 1952	43-51

INDEX TO CIRCULAR LETTERS

Beneficiary,	
designation for retirement purposes	76-50
designation for unpaid compensation purposes	86-50
Bids, certification to accompany	66-45, 27-51
Binding of observational forms, amendment	69-50
Briefer, training course	37-51
Bureau of Federal Supply Index	25-48
Business, small, report on procurement from	27-50

C

Canadian analysis, transmission on Service "C"	103-49
Card punching for N. Hemisphere Historical Map Project	7-49
Ceiling price compliance on bids and contracts	66-45, 27-51
Ceilometer, raob, rawin, installation and maintenance	46-47
Certificates of authority, signature of officer administering oaths	75-50
Circular Letters, material contained	65-50
Circular II appointees, change from secretarial type	58-50
Citizenship, proof	36-46
City office data, cities transmitting data with synoptic reports	85-47
Civil Defense activities	11-51
Classified information, handling	9-42
Clearance of employees for security purposes	32-51, 39-51
Clearance of material for publication, radio, etc.	102-48
Climatological,	
record, entry of average station pressure	78-50
records, dewpoint and relative humidity values before and after January 1, 1949, comparability	115-48
Services Division, organization	30-51
substations, establishment at radio stations, newspapers, etc., policy regarding	84-49
Clocks, instrument, return of parts for repair	38-50
Coast Guard,	
disposition of weather records	15-51
Lightship reports, code	81-49
Code,	
Coast Guard Lightship reports	81-49
group 8N <sub>5</sub> Ch <sub>5</sub> h <sub>5</sub> , transmission with airway hourly	112-48, 9-49
ice reports on Great Lakes	13-51
microseismic data	65-47
new approval required	83-43
NOTAM, posting	22-50
PAA, synoptic and aero, 1949 ed.	1-49
radar weather reports	40-51
radiosonde, amendment to 1949 ed.	20-49, 143-49, 28-50
rawinsonde, delayed data	102-46
river data, 1949 ed.	114-48
seven hundred mb. data	98-50
ship, raob, upper wind, analysis, synoptic and aircraft reporting, changes effective January 1, 1949	106-48

INDEX TO CIRCULAR LETTERS

synoptic, 1949, Amendment #1	88-49, 109-49, 50-51
synoptic, 1949, coding correction messages	9-51
synoptic, 1949 edition, conversion of 3-hourly and 6-hourly synoptic report to the airway hourly form	30-49
synoptic, 1949 edition, instructions for coding present weather	27-49
synoptic, 1949 edition, for Mexican stations	117-43
synoptic reports, Pacific Ocean Area	15-50
Communications,	
economy in use	81-50
preparation of telegrams	2-51
serial telegrams, discontinuation	35-51
toll expenses, monthly report	18-43, 20-51
toll vouchers, covering	6-50
Confidential information, handling	9-42
Congress,	
prohibition on influencing members	37-47
release of information on legislative matters	31-51
Contracts, certification to accompany	66-45, 27-51
Corrections to 6-hourly, 3-hourly, and upper-wind reports	9-51
County responsibility for hurricane advisories	49-44, 48-47, 65-49
CR reports, river stages	22-42

D

Daily Weather Bulletins,	
copies to Central Office	38-46
subscription price	18-51
Dew point conversion, new rules	101-48, 115-48
Differential and allowances for overseas assignments	16-49, 31-49, 48-49
DIAD, use of in filing reports	40-47
Downtown data, cities transmitting city office data with synoptic reports	85-47
Draft, policy regarding deferment	55-50, 73-50, 24-51
Drayage, specifications	48-48
Duty status for new employees	39-46

E

Earthquake reports, Form 5000	78-48
Education, Graduate Record Exam, credit	101-47, 30-48

<u>ALPHABETICAL INDEX TO CIRCULAR LETTERS (1940 - 1950)</u>	<u>Circular Letter No.</u>
Absence from office, card to indicate	91-40
Accident,	
aircraft, releasing weather information on	76-48
reporting, procedure for	59-48
Additive data,	
instructions for coding	12-49
Adiabatic	
charts, lapse rate briefing for aviation	14-50
Aerological supplies, procedure for ordering,	112-49
Agricultural	
forecast services	54-44, 15-47, 8-48, 23-49
Air carrier operations, weather information concerning	19-47
Aircraft	
clearances, interference in weather reporting for	5-47
weather reporting code (CAW-C)	144-49
Airline operations,	
information to public concerning	19-47
Air mass designators cK and S	39-44
Alaska, original appointment of subprofessionals to	70-47
Amateur Weathermen of America, coop. with	58-48
American Red Cross,	
daily forecast service	72-48
special warning service	34-48
Analysis Center,	
air mass designators cTK and S	39-44
change in position groups, 700 mb analysis and 12-hour pressure	
change chart	128-49
prognostic and 700 mb. chart transmission	91-50
program and transmissions	24-43
transmission of analysis from	65-48
transmission of Canadian analysis	103-49
Analysis, three hourly, transmission	17-49
Analysis, weather, symbols for	4-50
Appointment of sub-professions directly to Alaska	70-47
Area Hydrologic Engineers,	
duties of	13-50
responsibilities under regional reorganization	83-49
Automotive equipment, use of	95-46
Averages for temperature, precipitation and degree days	87-50
Aviation,	
officials, liaison with	87-49
storm warnings	99-49
weather reporting, pressure to change observations	5-47
weather service,	
improvement through coop. with state agencies	80-49
pilot briefing, guide for improvement	46-50
pilot briefing, responsibility for	54-49
pilot briefing, use of term VFR	46-49
raobs for lapse rate briefing	14-50
stunt flights	136-49
xrep project	93-49

INDEX TO CIRCULAR LETTERS

Awards,  
  honor, procedures 91-49  
  superior accomplishments 31-46

B

Balloons,  
  conditioning and inflation of natural latex 92-48  
  conditioning and inflation of neoprene 41-48  
  procedure in use for 1950 supplies 11-50  
Barometer readings, comparative 18-49  
Beneficiary,  
  designation for retirement purposes 76-50  
  designation for unpaid compensation purposes 86-50  
Bids, information to accompany 66-45  
Binding of observational forms 125-49, 69-50  
Blind-made products, purchase 74-49  
Broadcast, direct radio  
  guide for preparation 32-48, 18-50  
  policy and instructions 124-47, 82-50  
  reporting on form 1040 6-48  
  telephone transcription 24-49  
  training program for 120-47  
Bulletin boards, use by employee organizations 35-43  
Bureau of Federal Supply  
  index 25-48  
  stores facilities 4-49  
Business, small, report on procurement from 27-50

C

Canadian analysis, transmission on Service "C" 103-49  
Card punching  
  for N. Hemisphere Historical Map Project 7-49, 66-50  
Ceilometer, raob, rawin, installation and maintenance of 46-47  
Ceilometer, data on forms 1144 and 4065 45-46  
Certificates of authority, signature of officer administering oaths 75-50  
Certification of observers 14-49  
Circular letters, material contained in 65-50  
Circular  
  II appointees, change from secretarial type 58-50  
Citizenship, proof of 36-46  
City office data,  
  cities transmitting data with synoptic reports 85-47  
City office observational program with adjacent airport stations 102-49  
Classified information,  
  handling of 9-42  
  security protection 57-49  
Clearance of material for publication, radio, etc. 102-48

INDEX TO CIRCULAR LETTERS

Climatological

Data, subscription prices	77-48
publications, correspondence regarding subscription	21-50
Record, entry of average station pressure	78-50
records, dewpoint and relative humidity values before and after January 1, 1949, comparability	115-48
substations, at radio stations, newspapers, etc., summaries,	84-49
bulk printing	1-50
local, instructions for	56-50, 88-50
using Form 1001 B, 1001 C, 1130 A, and 1130 B	11-49
Clocks, instrument, return of parts for repair	38-50
Coast Guard Lightship reports, code for	81-49
Code,	
aircraft weather reporting (CAW-C)	144-49
Coast Guard Lightship reports	81-49
Great Lakes substation reports	32-49
group 8NsCHsHs, transmission with airway hourly	112-48, 9-49
ice reports on Great Lakes	24-50
microseismic data	65-47
new, approval required	83-43
NOTAM, posting	22-50
PAA, synoptic and aero, 1949 ed.	1-49
radiosonde, amendment to 1949 ed.	20-49, 143-49, 28-50
rawinsonde, delayed data	102-46
river data, 1949 ed.	114-48
seven hundred mb. data	98-50
ship, raob, upper wind, analysis, synoptic, aircraft reporting effective January 1, 1949	106-48
synoptic, 1949,	88-49, 109-49, 50-50
synoptic, 1949, coding present weather	27-49
synoptic, 1949, conversion of 3-and6-hourly to airway hrly form	30-49
synoptic, 1949, Mexican stations	117-48
synoptic, 1949, Pacific Ocean Area	15-50
Communications,	
economy in use	81-50
service, routing of vouchers	56-48
toll expenses, monthly report of	18-48
tolls vouchers covering	6-50
Confidential information, handling of	9-42
Congress, prohibition on influencing members of	37-47
Cooperative observers,	
certificates	67-41
official duties and release of weather data	54-50
County responsibility for hurricane advisories	49-44, 48-47, 65-49
Court, regulations for employees appearing as witnesses	80-46, 25-47
Credential cards, passes, return of on separation	69-44
CR reports, river stages	22-42

INDEX TO CIRCULAR LETTERS

D

Daily Weather Bulletins, copies to Central Office	38-46
Day labor, employment	57-41
Detail, employees on, salary and leave	36-45
Dew point conversion, new rules for	101-48, 115-48
Differential and allowances for overseas assignments	16-49, 31-49, 48-49
Dividing tables, discontinuance	9-50
DLAD, use in filing reports	40-47
Downtown data, cities transmitting city office data with synoptic reports	85-47
Draft, policy regarding deferment	73-50
Drayage, specifications for	48-48
Duty status for new employees	39-46
Earthquake reports, Form 5000	78-48
Education, Graduate Record Exam, credit for	101-47, 30-48
leave without pay to attend school	107-47
Efficiency ratings, March 31, 1950	12-50
Electronic technicians, responsibilities of	46-47
responsibilities under regional reorganization	83-49
Elevation, correction of pressure data for	68-40
Emergency assistance, employment of	45-45
MOBEU	55-44
payroll	24-42
reporting employment of	21-46
Emergency Unit, mobile, establishment	55-44
Emergency warnings, responsibility for	66-48
Employees, acquisition of competitive status under E.O. 10157	83-50, 97-50
on detail, salary and leave	36-45
organizations, use of bulletin boards	35-43
pay for first duty day	39-46
private business activities	7-48
private participation, television programs	10-49
promotion and reassignment rules	87-47
reduction in force procedures	23-47
separation, return of badges, cards, etc.	69-44
suggestion program	86-47
Employment, requirement for SF 57	90-47
Equipment conservation	4-44
instrumental, reporting unserviceable	33-50
Executive Order 10157, acquisition of competitive status	83-50, 97-50
Eyesight requirements, testing of observers	39-49
